COUNTY: A COLLABORATIVE STUDY
BETWEEN UCI AND COMMUNITY
STAKEHOLDERS**

“The Costs of Homeless in Orange County” is the most comprehensive study of its kind in Orange County, CA, and a collaboration between UCI and a range of governmental and non-governmental actors, including the Orange County United Way, Jamboree Housing, the Association of California Cities - Orange County (ACC-OC), 2-1-1 of Orange County, and the Hospital Association of Southern California, along with an Advisory Committee representing a cross-section of local experts and practitioners. We will discuss the study and its findings, as well as the process of conducting community-based research with a range of non-academic collaborators.
