Associate Professor
Utrecht University, Netherlands

PART-TIME WORK STRATEGIES OF WOMEN AND MEN OF CHILDBEARING AGE IN THE NETHERLANDS AND AUSTRALIA

With Co-author, Belinda Hewitt - University of Queensland

Mothers in Australia and the Netherlands use part-time work to combine work and care, but conditions under which this strategy is used differ. Inequality exists between part-time and full-time workers and among part-time workers, even in the Netherlands where part-time work is well protected.
